Final plans for the convention were made by the Maryville branch at a meeting held last Tuesday evening at the Baker home, 504 W. Third street with Miss Dora B. Smith, Mrs. J. W. Hake, Mrs. J. R. Wallin, and Misses Mildred Paxton and Laura B. Hawkins as hostesses.

### Mr. Cooper Gives Talk At Regular Assembly

"Character is the sum of our choice up-to-date. And our choices are our own," said the Rev. Mr. J. A. Cooper, a former instructor of the College, in an address to the Student body, at the assembly, October 23.

"We live pretty prescribed lives," said the speaker, "but in the things that make up character, the choices lie with us. Thoughts for instance are our own ideals, too, belong to us. Even vocations should be our own; he who drifts into teaching will never make a good teacher. Above all, we have a choice of friendship and of the different elements that have to do with shaping our lives, none is more important than friendship."

"If I am to choose wisely my thoughts, ideals, and friends, I must have a developed character. Religious organizations, therefore, because of their influence on character, are essential to college life."

The assembly opened with reading of the scripture, the twenty-fourth Psalm, by Mr. Miller, after which President Lamkin took charge of the meeting.

President Lamkin announced that the state department had released \$10,000 for construction and maintenance of the college and that part of the fund would be used for the construction of a walk from the college to the new gymnasium and part would be used for completing the plumbing and sewage of the gym.

Tempie Allen, President of the Student Council, urged all students to be present at a pep meeting at 8:45. The closing number was the showing of the second series of the film "Chronicles of America."

### S. T. C. Luncheon Planned For State Meeting, Nov. 14

President Lamkin spent Saturday, October 18, in Kansas City making plans for the meeting of the State Teacher's Association to be held there November 12 to 15.

The college is to maintain its headquarters in Parlor B of the Meuleback Hotel during the Missouri State Teachers' Association meeting. Mr. Bert Cooper of the college will be in charge of this room. All former students and alumni should make the room their headquarters. Extension courses and vacancies may be discussed with Mr. Cooper.

The Northwest Missouri luncheon for all former students and alumnae is to be held in the Elizabethan room of the Baltimore Hotel, Friday, Nov. 14.

Some of America's leading educators will be on the program of the Missouri Teachers' Association this year; President John J. Maddox has announced. Superintendent Fred M. Hunter of Oakland, California will speak on Character Education and Sherman Rogers editor of the Outlook, will give an address on "Men and Muddlers."

Other prominent speakers on the program are Jesse H. Newton, Superintendent of the Denver Public Schools and President of the N. E. A., William McAndrew, Superintendent of Chicago Public Schools and President of the Department of Superintendence of the N. E. A., and Miss Florence Hale, Agent for Rural Education in the Maine State Department.

### Learn of Our Neighbors Read Their Papers.

Back in your old home town—for in the life of everyone, somewhere, at the end of a bend in the railroad track there is an old home town—you have a great interest in your neighbors, who they are, where they live, and what they are doing.

S. T. C. has neighbors too. All about us, in this state, and in other states, you will find our neighbor colleges. Each week many of these colleges send us a message through their college papers. Some of these papers come to us merely as exchanges. Some of them come to us, because a former faculty member or a former student may be connected with a certain college, and so we gain new neighbors. These messages come from Washington, Oklahoma, Illinois, Nebraska, Kansas, Iowa, South Dakota, Michigan, Texas, Wisconsin and the various colleges of our own state.

Do you wonder if the girls in our neighbor colleges have dates? Do other colleges have play days? How does the Courier rank with other college papers? Do students in other colleges have exams, and cut classes? What do student councils in other colleges do? What did Springfield say about the 3-0 score?

You'll find the weekly messages from our neighbors on the magazine rack in the library. Read these papers. You will get new ideas for stunts. Know about other colleges. Learn why S. T. C. is always in the lead.

Dr. Fred Keller was the principal speaker at the dedication of the Loraine school, five miles west of Burlington Junction, Friday, October 17. "More Interest in Boys and Girls" was the subject chosen by Dr. Keller.

The Loraine building was erected during the past summer at a cost of \$4,000 provided by bonds voted by the district. In addition, about \$800 has been spent on equipment. Miss Bonnie Jones is the teacher.

Miss Katherine Franken went to Orrick, Mo. last Saturday to meet her class in extension work. She also visited at her home in Norborne, Mo. before returning to Maryville. Later Miss Franken will go to Chillicothe to do demonstration teaching in language and reading.

Mr. and Mrs. Claude Pierpoint of Brainerd, Mo. announce the birth of a son, Tuesday, October 21. Claude, "Tubby" is principal of the grades at Brainerd. Mrs. Pierpoint will be remembered as Mary Miller. Both parents are former S. T. C. students.

Miss Stowell, the director of the College Cafeteria, with the assistance of Dan Miller, Chef, served a picnic dinner to the girls of Residence Hall last Wednesday evening in the College Park. This picnic took the place of the regular dinner.

Pearl Jones of Grant City attended the opera concert last Monday night and was a Resident Hall visitor Tuesday.

Friends here are glad to know that Gladys Allison, a former S. T. C. student, is rapidly improving from an operation for appendicitis.

### UNDER-CLASSMAN WANT LOUISE COOPER

"The Girl With the Pleasing Personality" Who is a Good Student—A Friend to Everyone—Prominent in Activities.

The Tower Queen contest is the issue of the day. Wednesday it is the duty and privilege of this student body to select the representative girl of the college.

We should choose a girl whose life is well rounded and whose college interests and activities are varied. We desire a girl who is a good student, a friend to everyone, prominent in social activities, active in athletics; and in all these sincere and unaffected.

Because she possesses these qualities, we the Sophomores present to the faculty and student body of this college, Louise Cooper, the girl with the pleasing personality, as our candidate for Tower Queen. Miss Cooper is first of all an earnest student and her scholastic standing is high. She is an active girl, full of life, a member of the Womens Athletic Association and is interested in athletics of all kinds. She is friendly to everyone and her smile is from the heart; she is loved for her frankness and her kindness.

The girls of Residence Hall have chosen her as the vice-president of their house organization and as chairman of their social committee. This latter office requires dependability, initiative and tact. Miss Cooper fills this place with such charming ease and simplicity of manner that she has won the confidence and esteem of all the girls in the hall. She possesses that intangible something which we call a winning personality. She is the sort of a college girl of whom everyone can be proud.

We believe in our candidate. We believe in the good judgment of the student body, and it is with confidence that we present to that body our candidate, Louise Cooper, the girl with the pleasing personality.

Homer Feurt, president of the Farmers Exchange Bank of Gallatin, was appointed by Governor Hyde Wednesday as a member of the Board of Regents of the Northwest Missouri State Teachers College at Maryville to succeed John F. Robertson of Grant City who recently resigned.

The following extract is taken from the Gallatin Democrat of October 9, 1924.

"Homer Feurt, president of the Farmers Exchange Bank of Gallatin, was appointed by Governor Hyde Wednesday as a member of the Board of Regents of the Northwest Missouri State Teachers College at Maryville to succeed John F. Robertson of Grant City who resigned.

"The appointment came as a distinct surprise to Mr. Feurt who knew nothing of the matter until he received a long distance call from Governor Hyde asking him to accept.

"It is a signal honor for both Mr. Feurt and for this community, for it is the first recognition this community has received from the state's great educational institutions. The school, the newest of the state colleges which was established in 1905, has grown to be one of the strongest and best equipped in the state and is operated at a cost of approximately \$250,000 a year.

"The Board of Regents, a strictly bipartisan body of which Mr. Feurt goes in as a democratic member to succeed a democrat, is the governing body of the school. It consists of six members."

### Want to Expand M. I. A. A. will Include Colleges of the Other States

Renewed efforts will be made this winter to enlarge the Missouri Inter-collegiate Athletic Association, whose membership is now made up of the five state teachers colleges, at Maryville, Warrensburg, Springfield, Kirksville and Cape Girardeau.

The greatest difficulty confronting the officials of the M. I. A. A. is the cost of making long jumps, which could be avoided when the organization had fourteen to fifteen members. In the old M. I. A. A. games were scheduled pretty much between the teams in the same section of the state, with possibly one or two long jumps during the season. Now the schools of the M. I. A. A. must go almost from one end of the state to the other to meet teams of the other teacher colleges. The balance of the schedule is made up by playing independent colleges of other states and high ranking elevens in Missouri.

The delegates are Uel W. Lamkin, Leslie G. Somerville, H. T. Phillips, L. L. St. Clair, L. E. Ziegler, A. H. Cooper, Ed Adams, J. W. Pierce, Alva M. Burch, Alma Wygal, Hubert Garrett, L. L. Livingood, Charles W. Wallace, W. I. Lewis, Nelle Cannon, C. K. Thompson and Ludena Tannochill.

Miss Winn Speaks  
At Stanberry.

Miss Winn, of the college faculty, spoke at the annual open session of the Mutual Improvement Club of Stanberry, October 21, on the subject "The King Arthur Country and Tennyson."

Mrs. Harry Dunshoe formerly Olivet Godsey, B. S. 1921, is president of the club. The meeting was held at the home of Mrs. Jameson, known at S. T. C. as Oma Lewis. Other former students who were present either as guests or as members of the club were:

Mrs. Lester Hawthorne, formerly Vjune Colden; Mrs. Carl Rose formerly Edith Callahan; Mrs. Cleo Gregg, formerly Hazel Wallace; Mrs. Norma Newman; and Amelia Madera.

Lorraine Bruckner went home with Willetta Todd, Friday, October 17, and Esther Monk accompanied Louise Freeman to her home to spend the weekend. Willetta Todd's and Louise Freeman's homes are in Trenton.

J. R. Brink, the superintendent of maintenance and construction, has returned from Chicago to resume his duties at the college. Mr. Brink was in the hospital in Chicago for thirty days. He reports that he is now feeling fine.

Claire Sloanecker spent the week end at her home in Trenton.

Friends here are glad to know that Gladys Allison, a former S. T. C. student, is rapidly improving from an operation for appendicitis.

The plan of the M. I. A. A. officials is to bring the matter up again at the annual December meeting when next year's schedule is arranged.

Friends here are glad to know that Gladys Allison, a former S. T. C. student, is rapidly improving from an operation for appendicitis.

The candidates to be voted upon are:

### SENIOR CANDIDATE STRONGLY ENDORSED

Five College Organizations Support Irene Lowry for Tower Queen—Logical Girl for the Honor.

The candidacy of Miss Irene Lowry for the honor of Tower Queen is being heavily endorsed by the organizations of the college. So far the following groups have placed their approval of her candidacy: The Y. M. C. A., Senior Class, Y. W. C. A., Philomathian Literary Society and the library force.

The entertainment was divided into two parts—the first consisting of a concert of solos, duets, and trios; and the second, of the one-act opera, "The Secret of Suzanne," by Wolf-Ferrari, which was sung in English.

"The Secret of Suzanne" was particularly enjoyable, and was well received. Edward Cotterill as Count Gil, the jealous bridegroom, displayed a wonderfully resonant voice, and proved himself to be a clever comedian. Lucile Weston, the coy little wife of Count Gil demonstrated her ability as a leading lady. William Rogerson cleverly assumed the difficult role of the mute butler.

Mr. Rogerson, who opened the program by a group of songs, possesses a tenor voice of unusual quality. His solo group included "Calling Me Home To You," by Dare; "She Never Told Her Love," by Hayden; "Evening Bells," by Caruso.

Miss Weston's solo group included "The Song of the Lute," by Kerngold; "When Celia Sings," by Mair; "Viollets" by Mozart.

The first three of the points are matters of personal opinion with each voter but Miss Lowry will undoubtedly hold her own in these respects as she is widely acquainted, admired by all, and talented in the lines of art, music and the social arts.

As to scholarship, the Lowry supporters are pointing with pride to the fact that Miss Lowry has striven only to maintain an M standing and has devoted the rest of her time to school activities. This attitude in student is commended by many of the leading educators of the country.

In respect to these extra-curricular activities Miss Lowry far exceeds the other candidates as none of them have participated to any appreciable extent in the work of the school clubs. Miss Lowry has long been an active member of the Philos, the Art Club, Y. M. C. A., The Dramatics club, and the Chorus, and has taken a leading part in the social functions of the school.

She was one of the Y. W. C. A. Big Sisters who welcomed the new students to the college this fall.

Miss Lowry also has the edge in the matter of attendance for she is completing her last year here and may be considered as having run a good race. Bestowing the honor of Tower Queen on an underclassman, regardless of how her qualifications may be, is considered by many students as awarding the prize before the race is run.

In view of the above arguments, the Lowry constituency says that a vote for Miss Lowry is a vote of approval of the type of womanly studenthood that S. T. C. wants and needs.

### Y. W. C. A. Gives Tally Ho Party

About thirty girls attended the tally-ho party given last Thursday evening by the Y. W. C. A. The girls met at the Public Library and Residence Hall at 6:45 o'clock, where trucks were provided for a ride over the city. A short stop was made at the home of Alyce Allen where popcorn was served, and again at the home of Hetty Maye Woodward for apples. The entire group was then taken to the old Craig estate, the house now empty, but the former home of Mary Coe, a Y. W. C. A. member. Cider was served here. Miss DeLuce, Miss Manley and Mrs. Hastings were the chaperones.

This committee will make its report to the council at the regular meeting, October 30. Any changes or amendments that are desired must be in the hands of the committee before that time.

Girls of the college who did not attend Y. W. C. A. last Tuesday morning missed an interesting program. Singing was led by Alyce Allen with Elizabeth Mills as accompanist. The Scripture reading was read by Margaret Mills, this was followed by sentence prayers.

A reading "Uncle Abner or Moses" was given by Lois Lawson; and Birdie Bosinga gave an interesting talk on "What Christianity is doing for Student Life in Mexico."

A short business session was then held to elect a secretary for the organization in place of Irene Lowry, who has resigned. Jessamine Flanagan was the nominee chosen.

A state-wide spelling contest will be held in Missouri this year, according to plans formulated by State Supt. Charles A. Lee in co-operation with the County Superintendents of the state. The contest will be among rural and grade school children of Missouri. The winners of the various districts of the state will compete with each other in Jefferson City next April, at which time the state winner will be determined.

The candidates to be voted upon are:

Irene Lowry—Senior, Florence Pickens—Junior,

Louise Cooper—Sophomore.

### The Chicago Opera Trio Pleases Maryville Audience

A large crowd enjoyed the opera, "The Secret of Suzanne," sung by the Chicago Grand Opera Trio, in the College Auditorium, Monday evening, October 20. The Trio consisted of Edward Cotterill, Bass-baritone; Lucile Weston, Lyric soprano; and William Rogerson, tenor.

The entertainment was divided into two parts—the first consisting of a concert of solos, duets, and trios; and the second, of the one-act opera, "The Secret of Suzanne," by Wolf-Ferrari, which was sung in English.

"The Secret of Suzanne" was particularly enjoyable, and was well received. Edward Cotterill as Count Gil, the jealous bridegroom, displayed a wonderfully resonant voice, and proved himself to be a clever comedian. Lucile Weston, the coy little wife of Count Gil demonstrated her ability as a leading lady. William Rogerson cleverly assumed the difficult role of the mute butler.

In the second quarter the Bearcats won over the Highland College eleven of Highland, Kan. 41 to 0. The two teams met for the first time in the history of the schools Friday, October 24. A fair sized crowd greeted the players as they took the field shortly before 2:30 o'clock.

**COLLEGE OATH.**

"We will never bring disgrace to this our College by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws, and do our best to instill a like respect and reverence in others. We will strive unceasingly to awaken the students' sense of duty. We will transmit this College to those who come after us greater, better, and more beautiful than it was transmitted to us."

A large number of S. T. C. students whose homes are not in Nodaway county, are confronted with the problem of voting November 4. However, there need be no anxiety, because students living in Missouri, may vote by using the absentee method.

In using this method, the voter merely goes to the voting precinct in town, and explains to the judges that he wishes to vote an absentee ballot. He then gives his oath to the judges that he is a legally qualified voter. The student marks his ballot, but instead of dropping it in the ballot-box, hands it to one of the judges, who will send the ballot to his home county.

Read the Community School Bill drawn up by Supt. Lee, in the October number of School and Community. Supt. Lee is calling the attention of the people of Missouri to the inadequacy, the inefficiency, and the injustice of our present school system especially as it applies to the rural and village schools. The solution of this problem lies in the equalization of school money so that every district will have adequate funds to give every child proper school conditions.

Doris Stewart of Burlington Junction, and Christine Goff, of Cameron, both S. T. C. students, will appear before the Victorian Literary society at the Maryville High School, Tuesday, October 21, in a mixed program of readings and solos. Miss Stewart will give several musical readings. Miss Goff will render the vocal solos. Mrs. Vern Manley, a graduate of the college, is sponsor to the literary society.

The Kansas City schools have adopted the thrift saving plan whereby all the students may deposit money on special bank days and receive 3 per cent interest on their deposits.

Each depositor has a pass book which shows the amount of his deposits and the weekly balance. Student cashiers deposit and keep all the records. Later a collector takes the funds to the Commerce Trust Company which is the official depository.

This plan to encourage children to save was introduced into the Kansas City Schools last year by the Educational Thrift Service of New York.

**N. E. A. Makes Rapid Growth**

The growth of the National Education Association has been marked within the last twelve years. From a little society of about 6000 active members, with very little political influence and without funds to carry on any extensive investigation, it has grown to an organization of 140,000 members, able to support a whole corps of investigators and field workers and to command the genuine respect of politicians.

The growth of the N. E. A. was suddenly increased when the association was reorganized into a democratic body with a Delegate Assembly composed of representatives of the local associations throughout the country.

**NEWMAN CLUB NOTES.**

"Religion, an important role in life, shows itself by example rather than by expression," stated Father Lawrence, at the Newman club meeting Tuesday morning. "It is not necessary that an outward show of religion be displayed; oftentimes the most religious people never speak the word."

He discussed the part that religion plays in school life, and the value of being affiliated with such an organization as the Newman Club.

He closed by saying that he was interested in the students, and was willing to serve them by any means possible.

## DEPARTMENTAL NEWS.

## Industrial Arts.

The class in rural weaving is learning the different kinds of weavers. So far they have used the vertical, the diagonal, and the gingham stripe weaves. Any of the principles used in this weaving can be used in the lower grades.

This class is also planning a miniature model home.

## Education.

Term projects are being planned in Introduction to Teaching. Each student is making a project in his major subject. Miss Jean Boyle is planning a very interesting project on teaching Violin to a class instead of to the individual. This has never been worked out here before, and will very likely prove very satisfactory.

Students in the Introduction to Teaching course are studying the socialized recitation under the direction of Miss Katherine Franken. Richard Baker, a member of the class, gave a demonstration in the socialized recitation last Friday, the remainder of the class criticizing it from the viewpoint of the various authors studied.

## Social Science

A new course of Social Psychology has been added to the Social Science Department.

Mr. Wallin's sociology and economics courses show an increase of thirty-eight per cent over last fall's enrollment.

Sociology 24 is divided into groups composed of five to seven pupils. Each group chooses a social problem such as eugenics or the distribution of wealth to discuss before the class. Each individual in the group is assigned the discussion of one phase of the problem in order that a unified study of the question be secured.

## Fine Arts Department

The classes in Fine Arts are designing posters for windshields, to be used in advertising ball games.

## Science

A new laboratory table, accommodating sixteen students, and a series of hoods to keep vile odors and fumes from the room, have been added to the chemistry laboratory. Mr. Wilson is giving strict orders to all students in chemistry to be careful with acid and chemicals as the new desks should not be scarred or marred in any way.

The physiography 101 class went on a field trip Wednesday afternoon, October 15. The purpose of the trip was to study the origin of streams and headward erosion. The class started at the divide on Prather Avenue and followed the stream northeast to the cemetery.

Barbed wire fences and Spanish needles caused the class to halt with delight the College bus that they found waiting for them at the end of their journey.

## Physical Training.

The enrollment in the girls' gymnasium classes is large and much interest and enthusiasm prevails. Miss Bass offers Natural Dancing this quarter and also in the winter quarter. The students show increasing progress; the field for working in individuality and initiative is wide.

The Folk Dancing class is working on the Old English Country dances. Next quarter Miss Bass will offer clog dancing.

Physical Education 12b has been rearranged into two divisions, because of the large number of students in that class. The classes are playing soccer in which they have matched games.

## Home Economics.

The members of the class in Demonstration Cookery are giving a series of demonstrated lectures showing the various ways of preparing and serving food. Visitors are welcome to attend this class, which meets at 8 o'clock every morning excepting Monday.

The following subjects are being used: Milk, Fruit, Salads, Soups and Bread.

The Meal Serving Class gave informal luncheons Thursday, October 23, at 11:30 and Friday, October 24, at 12:00 in honor of the Big Sisters and Little Sisters of the Kappa Omicron Phi sorority.

A color scheme of yellow and gold was used on Thursday, and on Friday the scheme was changed to red and gold.

The luncheon guests Thursday were Gladys Hahn, Mary Busby, Nelle Dearmont, Dorothy Rowley, Pauline Eckert, Dorothy Dow, Julia Hankins and Mayme Gremm.

The guests Friday were Anna Houston, Miss Adolph, Mary Curnutt, Mrs. Ida Shrader, Mary Tobin, Lucile Sturm, Genevieve Todd and Tressa House.

Says Russell Brothers  
of Warrensburg

The advertising manager of the Green and White Courier has received a letter from the above merchants of Warrensburg, who say that advertising in the Teachers College paper there has amply paid them in returns. Russell Brothers of Warrensburg, "The Hart Schaffner & Marx Clothiers," are among most progressive merchants of that city. Another paragraph from this letter:

"We, of course, feel that we are compensated for the advertising we do in the College paper and we do not advertise with the idea of just helping out this publication. We feel that the students are appreciative of our advertising in their paper, and also ours is a 'Men's Clothing Store,' we cater to the women members of the school with a large stock of sweaters, and we have built up a very large out-of-town sweater business with the aid of this publication. We receive orders for our sweaters from all sections of our state, and we have never felt that we have spent our money in useless advertising in their publication."

**The Stroller**

By ? ? ? ?

The Stroller had his attention called to the urgent need of a few rules of etiquette at Residence Hall, and so he has consented to take the initial step and offer advice. He found the following rules in one of the latest books on "Etiquette."

1. In the first place, never get to the dining room on time. It shows that you have important business elsewhere and the waiters don't mind waiting anyway.

2. As soon as you are seated, be sure to start eating immediately.

3. Never ask to have anything passed that you can possibly reach because it takes valuable time from others.

4. Never pass anything if you have already helped yourself. It shows that you are anxious to get back to your studying.

5. Never say "thank you" or "please." It is a waste of breath that can be used to better advantage in eating.

6. If the girl who sits next to you appears sleepy at breakfast, you should throw a glass of water in her face.

7. After finishing the meal, every one should stay at the table for an hour or so—the waiters are never in a hurry and it displays congenial spirit on your part.

The Stroller heard a good joke on "Happy" Hartman a few days ago. When the Bearcats went to Springfield they stayed at the Ozark Hotel. The clerk at the desk, in answering the telephone, would say, "This is the Ozarks." Happy said he had often heard of the Ozarks but never before had he known that it meant a hotel.

The bell for the first period had just rung. Orpha Stewart met Christine Goff just outside the library door. Christine, in a voice shaking with fright, burst forth:

"Oh Orpha, what do you suppose they'll do with me? I stepped on the button and rang the bell."

Investigation proved that Christine had stepped on the button which holds the library door open.

The Stroller has seen a good many faces recently which made her think of this little poem:

"A girl  
A date  
Perhaps  
Out late.

A class  
A quiz  
No pass—  
Gee Whiz!"

**Sophomores Have Annual Picnic**

Tuesday evening about fifty Sophomores, accompanied by Mr. Loomis, the class sponsor, met in the college park for their first picnic of the season. The time was spent in playing games and having a good time in general. A luncheon consisting of weiners, buns, marshmallows and pickles was served.

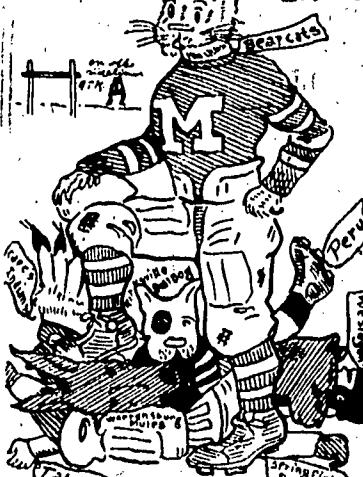

Louise Cooper, the Sophomore candidate for Tower Queen, was given fifteen "Raids" by the assemblage.

Lucy Meyers, a sophomore in S. T. C., was recently elected corresponding secretary of the Alpha Chapter of Kappa Omicron Sorority of the College. The Kappa Omicron Sorority is a national honorary sorority for students specializing in home economics.

Miss Shephard of the Education department organized an extension class in Savannah Saturday October 18, to study Principles of Teaching 55.

Mr. C. E. Wells, head of the S. T. C. library, went to Darlington, Mo., Tuesday to classify the high school library.
